

Ocean-Green™

Organic Bio-Stimulant

Ocean Green™ is a combination of two very important inputs when it comes to minimizing stress and maintaining color during stressful summer weather.

A 50/50 mix of seaweed and iron, Ocean-Green™ is the perfect choice for turf applications when fertilizers are not particularly desirable.

Seaweed

- Contains Plant Growth Hormones (Auxins, Indoles, Cytokinens, Gibberellins)
 - Natural Supply of Micronutrients
 - High in Potassium
 - Promotes Root Development
 - Reduces stress and shock

Liquid Iron

- Naturally Promotes Chlorophyll Production
 - Reduces and Eliminates Chlorosis
- Allows for "Green-Up" without Surge Growth

Combination

- The perfect summer application for dense growth, dark color and stress resistance.

STORAGE & HANDLING:

Product should be stored in a cool environment, out of direct sunlight. Keep container sealed. When stored properly liquid products have an 18 month shelf life. When applying product mixture to soil be sure to utilize an adequate volume of water to achieve desired coverage.

Available In:

275 gallon tote
55 gallon drum
30 gallon drum
5 gallon pail

Application Rates

	QUANTITY	COVERAGE	FREQUENCY
High Profile Turf	10 oz	1000 sq ft	As recommended
Residential Turf	8 oz	1000 sq ft	As recommended

Nutrients derived Seaweed Extract, Ferrous Glucopheptonate, Manganese Glucoheptonate
